1. Purpose and Commitment

At GoWise Learning, the safety, wellbeing and dignity of every child, young person and adult we work with are our highest priority. We are committed to providing a safe, nurturing and well-managed environment for all tutoring sessions — whether they take place in a family home, school, community setting, or online.

We believe that effective learning can only happen where people feel safe, valued and supported. This policy outlines how we maintain high standards of health and safety across all GoWise Learning activities and how tutors can identify, minimise and respond to potential risks.

2. Our Vision for a Safe Learning Environment

- Awareness – understanding potential risks in every environment.
- Prevention – taking proactive steps to create safe spaces for learning.
- Responsibility – ensuring everyone plays their part in keeping others safe.
- Transparency – reporting and learning from incidents promptly and constructively.

3. Scope of this Policy

This policy applies to all GoWise Learning staff, self-employed tutors, volunteers and contractors. It also applies to all learners and their parents or carers involved in GoWise Learning activities.
